Overall Graduation data for Valley College-Princeton (The campus is located in Princeton, WV)

The overall graduation rate is also known as the “Student Right to Know” or IPEDS graduation rate. It tracks the progress of students who began their studies as full-time, first-time degree or certificate-seeking students to see if they complete their program within 150% of “normal time” for completing the program in which they are enrolled.

Note that not all students at this institution are tracked for these rates. Students who have already attended another postsecondary institution are not tracked for this rate.

- (*) Not all institutions report transfer-out rates.
GRADUATION RATES BY TIME TO COMPLETION

Graduation rates can be measured over different lengths of time. "Normal time" is the typical amount of time it takes full-time students to complete their program. For example, the "normal" amount of time for many associate's degree programs is 2 years. Not all students complete within the normal time, so graduation rates are measured by other lengths of time as well, including "150% of normal time" (e.g., 3 years for a 2-year program) and "200% of normal time," or twice as long as the normal time (e.g., 4 years for a 2-year program).

GRADUATION RATES FOR STUDENTS WHO BEGAN THEIR PROGRAM IN 2010-11 OR 2011-12, BY TIME TO COMPLETION

Percentage of Full-time, First-time Students Who Graduated in the Specified Amount of Time
